

# 4 SUCCESSFUL PLATFORMS

*that will positively impact your participation*

The 5TH BMIC CONFERENCE AND EXHIBITION offers proven platforms for learning about latest developments in border and identity management from representatives of all stakeholder groups over a full three-day period.

## Knowledge Sharing

A widely attended gathering featuring presentations given by subject matter experts from government authorities and international development agencies. Each presentation will introduce pertinent issues based on real-case scenarios centered as it relates to the conference theme to establish the focus for the workshop sessions.

## 3-Day Exhibition

A 3-day exhibition of innovative border management, identity, biometric and document security solutions.

## Workshops

Held throughout day 2 of the conference designed to highlight the latest solutions and technologies that can address the various issues brought forward from the day 1 plenary session

## Customer Engagement

Extensive opportunities for networking, building relationships and engaging with government customers and industry partners
